## Grimsby Chapter Eastern Star Instituted Saturday

Three Hundred Visiting Members Present To Witness Institution Of Grimsby Chapter Of The Eastern Star — Installation Of Officers And Other Work Conducted By Grand Chapter Officers — Local Women Serve Sumptuous Repast For Visitors.

This town was the gathering point of three hundred members of the Order of the Eastern Star on Saturday afternoon and evening, April 20th, who assembled at the banquet hall of Union Masonic Lodge 1-2 for the purpose of instituting Grimsby Chapter No. 195, U.D. In spite of the inclement weather, chartered busses and many private cars made the journeys from Toronto, London, Fergus, Hamilton, Brantford and all parts of Niagara Peninsula.

At 3:30 o'clock Mr. Sam McCoy, of London, Worthy Grand Patron of the Grand Chapter of Ontario, called the meeting to order and proceeded with the institution ceremony. He was assisted by Mrs. Edythe Dowser, Toronto, Assistant Grand Matron; Mrs. A. May Ralston, Toronto, Grand Secretary; Mrs. Florence Caldwell, Hamilton, Grand Conductress; Mrs. Florence Hayward, Hamilton, Assistant Grand Conductress; Mrs. Martha Dillz, Brant, Grand Chaplain; Mrs. Esther Wilkes, London, Grand Marshal; Mrs. Emma Abrams, Toronto, Grand Organist; Mrs. Lottie Davidson, Toronto, Grand Warder; Mr. William Shippl, Hamilton, Grand Sentinel; Mrs. Janet E. Scott, Miss Emmeline Coble, Mrs. Ruth Thompson, of Toronto, served as Grand Tellers, and Mrs. Long, Paris, as Page. Mrs. Edith Gillingham, of Toronto, greatly added to the solemnity and dignity of the occasion by her vocal solos.

The Past Grand Matrons, Mrs. Lulu B. Wood, Hamilton, Mrs. Robina Mains, Toronto, Mrs. E. Rockwood, Toronto, Mrs. Cheney, North Dakota, the Past Grand Patrons, Mr. Archie Sinclair, Fergus, and Mr. Roy Hare, St. Catharines, were present and assisted in the ceremony.

The new Chapter was formed around a full quota of fifty charter members of whom forty-six were present and were received into the Order. Upon being inducted into the office of Worthy Matron, Mrs. Mary Bromley was the happy recipient of a shower bouquet of roses from her officers. Mr. Herbert Lindensmith was installed as Worthy Patron, Mrs. Marjorie Hickman, Assoc. Matron; Wallace Bromley, Associate Patron; Miss M. Farrell, Secretary; Miss L. Flett, Treasurer; Mrs. L. Jewson, Conductress; Mrs. Edith Lindensmith, Associate Conductress; Mrs. E. Wray, Chaplain; Mrs. L. E. Mogg, Marshal; Mrs. Inez Cloughley, Adah; Mrs. M. Fairbank, Ruth; Mrs. E. Emm, Esther; Mrs. Eva Dousett, Martha; Mrs. G. Thomson, Electa; Mrs. M. Pettit, Warder; Mr. E. J. Muir, Sentinel.

Just before the close of the afternoon session, Mrs. Gertrude Sharpe, presiding Matron of Unity Chapter, No. 20, of Toronto, on behalf of the officers and members of her Chapter, presented the new Chapter with a beautiful Bible. Mrs. Warner, Worthy Matron of Primrose Chapter, Toronto; Orton Crowe, Worthy Patron, Canada Chapter, Toronto; Mrs. Pawell, Assoc. Matron of Historic Chapter, Stoney Creek; Mrs. Wilkes, Grand Electa of the Grand Chapter of Ontario, and Arthur Sharpe, graciously took advantage of the auspicious occasion to present the Chapter with various regalia.

Mrs. Mary Bromley, Worthy Matron, thanked the several donors for their beautiful gifts and good wishes in a very appropriate manner. At six-thirty this session was adjourned to the banquet hall of the Odd Fellows, where a dinner was served by the daughters and husbands of the Grimsby Chapter members. The tables were very beautifully decorated with roses and carnations. The Worthy Patron, Herbert Lindensmith, presided. The lengthy menu which had been prepared by the ladies of the new Chapter, was heartily enjoyed by the large number of guests who were especially delighted to receive as dessert native peaches and cream.

Following the banquet, the meeting of Grimsby Chapter, No. 195 U.D., was called to order at 8 o'clock. The officers of Unity Chapter, No. 20, of Toronto, conducted the meeting and exemplified the work in a very impressive manner.

Mrs. Ida Richmond, Worthy Grand Matron of the Grand Chapter of Ontario, together with Mr. Sam McCoy, Worthy Grand Patron, and the many Grand Chapter members already mentioned, were received with the honor due their rank. Many happy greetings were extended from over fifty sister Chapters by the remarkably large number of presiding officers present. An interesting feature regarding the evening session was that of over three hundred present, the attendance was composed exclusively of members who had attained the rank of Worthy Matron or Worthy Patron of the Order. Before this session closed, Mrs. Mary Bromley, on behalf of her Chapter, in a few well-chosen words presented the Grand Officers who had assisted in the institution with tokens of esteem and appreciation.

## Arrangements Are Made for Spraying

Agricultural representatives of the Niagara Peninsula held a conference and problems of the district were discussed. There was a full attendance and the session was in charge of Mr. Harcourt, chemist of the O.A.C. who spoke on fertilizers, and H. McClenahan, who gave an address on fruit and vegetable growing.

**Fine Reports**  
Favorable reports on this season's possibilities from a production standpoint were given.

Considerable plowing has been completed, but there is a lot yet to be done and wet weather has delayed work. Fall wheat in the area is exceptionally good and clover also promises to yield heavily. Some seedling has been undertaken and many acres of early potatoes have been planted.

### Spray Service

E. J. Muir, of Grimsby, was appointed to assist W. G. Marritt in spray service work, and organization plans are now well advanced. Spray has been applied in many orchards and the many inquiries indicate the popularity of this project. The officials will keep constantly in touch with the work and the co-operation of growers augurs well for the success of the 1929 campaign.

Scores of English cherry trees are well advanced in bud, it is reported, and this crop promises to do well.

The Ontario department of agriculture has appointed E. R. McClenahan to be assistant agricultural representative here for the season, and Mr. McClenahan will assist Mr. Marritt in his many duties during the next few months.

## GRIMSBY PUBLIC SCHOOLS Blossom Time Musical Festival

As announced last week, this event will take place some time in May during the blossom season. It will be held in the high school auditorium and is intended to serve as a closing feature of a course of study in singing which was begun last October. This new department of the school's activities has been under the direction of Mr. G. L. Eaton, who as a musician and entertainer, needs no introduction to the people of this district. The importance of music is being more fully recognized as of real educational value, in all up-to-date schools, so by introducing the study of it in this way, Grimsby school is only living up to its reputation as being one of the best.

A solo competition is now in progress in the schools, the winners of which (4 vocal, 2 piano) will appear as soloists at the festival. The greater part of the program, however, will be taken by a school chorus of 125 selected voices, now being trained by Mr. Eaton.

Many other interesting and entertaining features will be included—No effort will be spared to make this, the first musical festival of Grimsby public schools an outstanding success in every way.

Blossoms, music, children—What a happy combination! Watch for the date with full particulars next week.

## Police Searching For Bandits

Several Clues Followed By Police But Fail To Reveal Beamsville Bandits—Border Points Closely Guarded—Gun Used By Bandits Found.

Every clue received in connection with the men who robbed the Beamsville branch of the Bank of Commerce last Tuesday is being closely followed. Provincial police were on the warpath in the Grimsby district following a report from Alfreda, seven miles from here, stating that a large blue touring car containing six men had hurtled through its main street at about sixty miles an hour. Inspector William Stringer, in charge of the chase for the Beamsville bandits, immediately went to Alfreda accompanied by Provincial Constable W. Embleton and Chief of Police Juhlke of Beamsville. When they arrived at Alfreda, however, the clue was too cold to be followed, no trace of the car being obtainable. Inspector Stringer is of the opinion, reports from Beamsville stated, that there is every possibility the men seen careening through Alfreda may have been the perpetrators of the raid on the Canadian Bank of Commerce branch in Beamsville. Local officers in the district think the men may have been making their way towards the California district or towards Welland.

The men stopped by Customs officials at Wallbridge as suspects of the Beamsville robbery were later found to have had no connection with the robbery, it is said.

**Gun Found**  
Provincial Constable Embleton, Inspector Stringer and Chief Juhlke visited the spot where the bandits changed cars and found hidden behind a straw stack at the side of the road a Remington automatic shot gun fully loaded and cocked. Police believe that the gun was thrown there by the bandits as they changed cars and made their escape.

## New Rector for Winona Church

Former Hamilton Boy Succeeds Rev. H. A. West As Rector Of St. John's Church, Winona.

Rev. Donald H. MacLennan, a former Hamilton boy, but for almost four years in Palmero, as rector of St. Luke's Church, has resigned his parish to take over St. John's Church at Winona, to succeed Rev. H. A. West, who was recently appointed to St. Mark's Church, Orangeville. Rev. MacLennan will preach his farewell sermon in Palmero on Sunday, May 5, and will assume his new charge on May 12.

Rev. MacLennan was born in Hamilton, and is the son of D. R. and Mrs. MacLennan, of 150 Strathcona Avenue North. He received his early education in the public schools and collegiate institute in Hamilton, and was a member of St. George's Church. After leaving the collegiate he graduated from Moody's Institute, Chicago, and later graduated from Wyckoff College, Toronto. He married Miss Margaret Jones, daughter of Thomas Jones, of Hamilton Beach. His parish at Palmero was his first one, and has been a busy one for him, as he has gradually extended his field of endeavor in that vicinity, having established missions at Omagh and Bronte, all three of which he attended each Sunday. In his new location he will have but the one church to care for.

## Union Lodge Past Masters Rule

Reunion of Pastmasters Largely Attended—Degree Work Done By Former Officers Of The Lodge.

The annual reunion of Union Lodge, No. 7, A.F. & A.M., Past Masters was held in the Masonic Temple, "Thursday" evening, and the degree work was exemplified by the Past Masters, who occupied the chairs as follows:

W.M., W. Bro. J. I. Threl; I.F.M., W. Bro. J. H. Culp; S.W., W. Bro. C. W. F. Clement; W. Bro. J. E. Scott; W. Bro. J. I. Threl; Secretary, W. Bro. G. I. McClenahan; Treasurer, R.W. Bro. D. Clark; Chaplain, R.W. Bro. C. T. Farrell; J.S. V.W. Bro. M. Frantson; S.S., W. Bro. D. Etton; D. of C., R.W. Bro. A. Etton. The township lines with a pressure gauge at each hydrant with the hose and nozzle.

After the degree work an excellent amount of water in reservoir as repast was served and several of the following results, using only one hose and nozzle.

DR. SOLON WOOLVERTON  
Who was school master of the Grimsby school sixty years ago. Born in Grimsby eighty-six years ago. His forefathers were early pioneers of Grimsby. Now establishes Lincoln's first civic museum.

## Grimsby Old Boy Establishes Museum

London, Ont., (Special)—Quarters on the third floor of London's new city office building will be assigned to Dr. S. Woolverton to be London's first civic museum. Dr. Woolverton has endeavored for years to secure municipal assistance for the establishment of a museum, and in the meantime he has collected thousands of Indian relics, old weapons, geological and zoological specimens. He is planning to transfer all of these to the quarters allotted to him, where he will also bring a collection of London public buildings and historical data. It is probable that a number of paintings, bequeathed to the city by Dr. and Mrs. Meach, will be kept in this nucleus museum until plans can be prepared for more permanent accommodations.

Efforts to secure a permanent issue for a new public library will be revived, and that a place for the museum will be provided when that structure is built.

Dr. Woolverton is known to a host of Grimsby people who will no doubt hasten to congratulate him on establishing a civic museum in London where he now resides.

## Coming Events

The W. A. of St. Andrew's church are holding a homemade baking sale on Saturday, April 27th, at Mr. Sim's Hardware store, beginning at two o'clock.

## Explanation of Water Pressure

### TO THE RATEPAYERS OF GRIMS-BY AND NORTH GRIMS-BY

It has been brought to our attention in different ways that there is considerable criticism being directed to the Water Commission relative to the water pressure at the Fire at the residence of H. K. Griffith on the Main Road, one and a half miles from town. It has also been inferred that the Water Commission were to blame for the lack or apparent lack of pressure. It is an acknowledged fact that the water pressure on the Grimsby system is one of the highest, if not the highest standing pressure of any system in the Province—the standing pressure at pump house being 120 lbs., while at the town office the recording gauge shows a standing pressure of 100 lbs. With the pumps operating, these pressures will increase about 5 lbs.

For the benefit of the citizen of Grimsby and North Grimsby and to correct any false impression that might be taken, we wish through the columns of this paper to make known the water pressure during the fire and to prove that the pressure was all that it should be.

Citing from our recording pressure gauge in the clerk's office which records every minute of the day, we find that the pressure at the town hall from the reservoir was exactly 100 lbs. during the night of the fire. At 5:30 when the fire occurred and the hose was attached the pressure at the town hall as indicated by the chart was 90 lbs.

R.W. Bro. D. Clark; Chaplain, R.W. Bro. C. T. Farrell; J.S. V.W. Bro. M. Frantson; S.S., W. Bro. D. Etton; D. of C., R.W. Bro. A. Etton. The township lines with a pressure gauge at each hydrant with the hose and nozzle.

After the degree work an excellent amount of water in reservoir as repast was served and several of the following results, using only one hose and nozzle.

## Kenneth Whyte New Instructor

Succeeds Major Dodds As Aero Club Official—Gordon Raynor Appointed Engineer For Club.

Kenneth E. Whyte, who has acted as assistant instructor at the Hamilton Aero Club, was appointed chief instructor at a meeting of the executive recently. He will replace Major Robert Dodds in this position. The latter is now at the International Airways field as manager.

Mr. Whyte served as a pilot overseas and gained prominence in civil aviation when he flew his Moth plane from Windsor to Los Angeles last year. Following this, he went to Camp Borden for an instructor's course, and assumed his duties at the club. As assistant, he showed himself to be a capable pilot and teacher. He recently took up residence in Hamilton, so that he could be near the flying field. Before that he lived on Nelles Blvd., Grimsby.

The executive was also in position to announce that the services of Gordon Raynor, formerly of the Royal Canadian Air Force, had been secured. Mr. Raynor is a qualified engineer, and will take charge of the mechanical end.

The flying club is awaiting the opening of the new airport for when the field becomes active the club planes will be moved over and housed beside the International Airways planes.

## Fire Destroys Fine Home

Early Morning Fire Destroyed Beautiful Home On Main Road Passing Motorist Gave Alarm To Occupants.

The home of H. K. Griffith, on the Niagara highway, a short distance west of Grimsby Beach road, was seriously damaged by fire early Thursday morning. The fire was awakened by sounds of fire. She roused her husband, and on investigation it was found that a fire had broken out around the chimney. By prompt action they put the fire out, as they thought, and went downstairs. A short time later a passing motorist saw the roof burning and notified Mrs. Griffith. Both Grimsby and Beamsville fire departments were called, and it took them some time to bring the fire under control. The roof was destroyed and the upper part of the house gutted. Most of the downstairs furniture was carried out, but the upstairs furniture was lost. The loss is only partially covered by insurance.

## Lincoln County Council Adopts Estimates for Year

Total Expenditures Estimated at \$508,724.08 Including \$156,674.52 For Debentures—Receipts Estimated at \$105,497.00 Leaving Balance of \$403,227.00. To Co-operate with Welland County Regarding Establishing Jail Between Two Counties.

St. Catharines, April 16th, 1929. The Municipal Council of the Corporation of the County of Lincoln met, pursuant to adjournment, at the Court House, in the City of St. Catharines, on Tuesday, the 16th day of April, A.D. 1929, at 10 o'clock a.m.

Present—The Warden in the chair, and Messrs. Woodruff, Sheppard, Sutton, Wilson, G. A. Jacobson, Masterston, Swayze, Honsberger, Rittenhouse, S. J. Wilson, Culp, Shields, Fralick, Young, Book, Wilkins, Lawson and Oakes.

The minutes of the last session were read and confirmed.

**Correspondence**  
Letters were read from the following: The Clerk of the County of Peterborough.

**Adjournment**  
Moved by Mr. Book, seconded by Mr. Fralick, That this Council do now adjourn to allow the Road Committee and other committees to meet, and meet again this afternoon at the usual hour.—Carried.

**Afternoon Session**  
The Council met pursuant to adjournment, the Warden in the chair. A deputation composed of Reeve Cline and Deputy Reeve Kilman, of the Township of Pelham, County of Welland, appeared before the Council, requesting that the Wiley Road, running between the County Road No. 13 on the south and the Provincial Highway No. 8 on the north, and Lots 4 and 5 of the Township of Louth, be made part of the county road system.

Moved by Mr. Jacobson, seconded by Mr. G. A. Wilson, That the request of Reeve Cline and Deputy Reeve Kilman, of the Township of Pelham, County of Welland, be referred to the Special Roads Committee.—Carried.

**Roads**  
The Roads Committee brought in its report.

Moved by Mr. Book, seconded by Mr. Wilkins, That the report of the Roads Committee be received and adopted.—Carried.

**Printing and Building**  
The Printing and Building Committee brought in its report. Moved by Mr. Honsberger, seconded by Mr. Rittenhouse, That the report of the Printing and Building Committee be received and adopted.—Carried.

**Finance**  
The Finance Committee brought in its report.

Moved by Mr. Wilkins, seconded by Mr. Book, That the report of the Finance Committee be received and adopted.—Carried.

Moved by Mr. Book, seconded by Mr. Wilkins, That leave be given to introduce a by-law, entitled "A by-law to raise by way of loan the sum of \$88,000.00 to pay the County's share of the construction of roads in the County of Lincoln, pursuant to the provisions of By-law No. 600 and amendments thereto, and the Highway Improvement Act and amendments thereto," and that the same be now read a first time.—Carried.

Moved by Mr. Book, seconded by Mr. Wilkins, That the by-law just read a first time, entitled "A by-law to raise by way of loan the sum of \$88,000.00 to pay the County's share of the construction of roads in the County of Lincoln, pursuant to the provisions of By-law No. 600 and amendments thereto, and the Highway Improvement Act and amendments thereto," and that the same be now read a second and third time, and do pass, aye of this Council to the contrary notwithstanding.—Carried.

Moved by Mr. Wilkins, seconded by Mr. Book, That leave be given to introduce a by-law, entitled "A by-law to borrow the sum of \$12,000.00 to pay the County's share of construction work on the Provincial Highway in the County of Lincoln," and that the same be now read a first time.—Carried.

Moved by Mr. Wilkins, seconded by Mr. Book, That the by-law just read a first time, entitled "A by-law to borrow the sum of \$12,000.00 to pay the County's share of construction work on the Provincial Highway in the County of Lincoln," be now read a second and third time, and do pass, and that the Warden and Clerk do sign and seal the same, any rule of this Council to the contrary notwithstanding.—Carried.

**Adjournment**  
Moved by Mr. S. J. Wilson, seconded by Mr. Fralick, that this Council do

now adjourn, to meet again May 21st, A.A. 1929, at 10 o'clock a.m.—Carried.

**CAMBY WISMER, Clerk.**  
Council Chambers, St. Catharines, Tuesday, April 16th, A.D. 1929.

**Road**  
To the Warden and Councilors of the County of Lincoln in Council assembled: Gentlemen—Your Roads Committee beg leave to make the following recommendations: That this Council endorse the resolution from Peterboro County re restriction of truck traffic on roads during "frost coming out periods," and that the Special Roads Committee be a committee to co-operate with Peterboro County before the Highway Department.

That the question of drainage in the Police Village of Smithville be referred to the Department of Highways for a ruling.

That permission be not granted to the Village of Smithville to use the Quarry property at Smithville for a garbage dump.

That the Special Roads Committee be authorized to make arrangements for suitable quarries for road purposes.

That committee fees and expenses, amounting to \$7.39, be paid. All of which is respectfully submitted.

**Finance**  
To the Warden and Councilors of the County of Lincoln, in Council assembled: Gentlemen—Your Finance Committee beg leave to report as follows:

All of which is respectfully submitted.

Adopted in Council this 16th day of April, A.D. 1929.

### THE NEED OF A SEWERAGE SYSTEM

The overflowing of septic tanks and the drainage of foul water, according to the health authorities, have created one of the worst situations ever experienced in this community, and the Board of Health has been in receipt of many complaints regarding conditions which prevail generally throughout the town in this respect.

The Board is, unfortunately, handicapped in remedying the situation by lack of a sewerage system, and can do little to correct conditions unless one is installed. The situation has therefore directed attention to the necessity of installing an up-to-date sewerage system to serve the town, and it is likely that every consideration will be given to this important matter.

To permit prevailing conditions to continue, in the opinion of the health authorities, is but inviting a situation to develop which may result in a serious epidemic, although fortunately the precautions taken by the Board have thus far been effective in maintaining the health of the community.

The installation of a sewerage system will, of course, involve the expenditure of a considerable sum of money, but the maintenance of the public health is such a vital consideration that the necessary steps to remedy the present unsatisfactory situation should not be delayed longer than is absolutely necessary.

The extent of the outlay involved makes it desirable that the people be given an opportunity to vote on the question. It would appear that the time has arrived when serious consideration should be given to this vitally important matter.

### REJOICE IN KING'S RECOVERY

King George's message to the Empire, just issued, is regarded as marking the definite end of his long illness. The people of the British Empire, as well as those of other nations, will sincerely rejoice in the welcome tidings contained in the King's message, and will earnestly hope that nothing will occur to impede his complete restoration to his former health and strength.

It was eminently fitting that His Excellency, Viscount Willingdon, Governor-General of Canada, should have dispatched a message to His Majesty, King George, on behalf of the Canadian people, assuring him of their joy in the tidings that he is now well on the way to recovery.

### THE BEAMSVILLE BANK ROBBERY

The daring daylight robbery by four masked bandits, which occurred at Beamsville last week, again illustrates the difficulty of coping with desperate and heavily armed thugs who have been all too successful in their raids upon banks and institutions in which public funds are kept. The freedom with which they used their guns indicated that they had no compunctions about shooting their way to freedom and that serious consequences would follow any attempt to apprehend them. Nevertheless, the police chief of the neighboring village, who happened on the scene at the time, did all in his power to defeat the object of the bandits. He is credited with being responsible for staying their hands and preventing them from securing a considerably larger amount than that taken, by his attempts to frustrate their efforts, although he could do comparatively little with the odds so heavily against him.

The robbery shows the need of having a specially organized, mobile and compact force of police officers equipped with high-powered cars in constant readiness to respond to any calls for assistance. It is understood that the provincial police authorities now have under consideration plans to more effectively cope with situations such as that which developed at Beamsville. The success of bandits in their attacks on institutions and citizens of various communities throughout the province calls for still more stringent measures to protect the public.

### OBSERVES ITS 38th ANNIVERSARY

During the past week The St. Catharines Standard has been receiving the felicitations of its friends on the occasion of its 38th anniversary. The event was marked by the occupancy of its new home, the installation of a new press and the addition of other facilities which will place it in a position to still more efficiently serve its field.

This virile daily publication, which is so well serving its constituency, was founded in the year 1891 by the late ex-Mayor W. B. Burgoyne, of St. Catharines, who was not only an enterprising and progressive newspaper pub-

lisher but a public-spirited citizen who lost no opportunity to further the interests of the community and the larger interests of the province and Dominion. His successors have maintained the high standard set by the founder of the Standard, which has continued to expand with the steady growth of the Niagara Peninsula.

The Independent is pleased to join in the felicitations extended to The Standard on the occasion of its 38th anniversary.

### PROMINENT AGRICULTURIST PASSES

The passing of the late George C. Creelman, former president of the Ontario Agricultural College, which occurred at Beamsville the other day, has elicited many expressions of appreciation of his splendid contributions to the cause of agriculture in this province. His record of achievement in the advancement of scientific agriculture, particularly as head of the O.A.C., will stand as an enduring monument to his memory, while his geniality, great heartedness and kindness won him a large circle of friends.

Among the impressive tributes paid to his memory, that of Rev. Canon Cody, a personal friend of the late Mr. Creelman, delivered at his funeral the other day, truly expressed the sentiments of his fellow citizens and friends. In the course of his references to Mr. Creelman's worth both as an agriculturist and as a man Canon Cody said:

"We thank God for his public achievements as a great scientific agriculturist, but he was more than that. He was a great humanist and a great human, and when any one comes to the end of his days, has fought his victory and passed on, it is of the man himself whom we think. No one can think of George C. Creelman without thanking God that he was honored by being one of his legion of friends."

"His policy was always influenced by his belief that agriculture was the great basic industry of this country. He believed in the dignity of the farmer's career, and he knew his difficulties and his problems. No man better understood the points of contact between the town and the country. He was always a disciple of concord, and sought to interpret the ideals and opportunities of the farm to others. He was a constructive pilgrim of our agricultural life, and for seventeen years G. C. Creelman and the Ontario Agricultural College seemed the same thing."

### THE MENACE OF THE CORN BORER

The County Corn Borer Inspector, Ex-Warden Strong, has asked that the Town of Grimsby co-operate in the campaign to eradicate this pest, which has within recent years caused serious loss to farmers and market gardeners through its depredations.

Under the regulations to be enforced, no corn stubble may be left standing either on farm land or in gardens, which must be plowed under as a means of meeting the corn borer menace.

Lack of attention to the requirements of the situation will but result in loss to farmers and others who depend on the corn crop as a source of revenue, and it is therefore in their interests to co-operate in the campaign now in progress. Citizens of the community will naturally desire to assist in controlling and overcoming the menace of the corn borer by supporting the authorities in the matter.

Under the new act now in force, peach trees must not remain in sod, cultivation of orchards being necessary in order to effectively control the Oriental peach moth. This is a matter in which the authorities are also asking and should receive the support of interested citizens.

### THE USEFULNESS OF AIRCRAFT

It is interesting to note that general use is being made of aircraft in the crime detection work, a phase in which Canada has developed a high efficiency. For years aircraft has patrolled the entire western coast from Alaska to Vancouver Island, searching for fishing craft illegally using the salmon fishing waters. In one year 24 seagoing craft were caught by aeroplanes which wirelessly information of the ship's whereabouts to government patrol boats. In Vancouver harbor the government has made a specialized use of the aeroplane in preventing passengers of incoming steamships from dropping packages of narcotics and other valuable goods overboard to be picked up later by smugglers.

A plane was recently used in northern Manitoba for the first time for the shipment of furs from the remote wilds to the fringe of civilization. Now comes the announcement that air service from Waterways to the fur-trading posts of Chipewyan, Smith, Resolution, Hay River, Providence and Simpson, is to be inaugurated. Present plans call for four trips a week from Waterways. Two will be to Fort Resolution on Great Slave Lake, 512 river miles away, and return in the same day, and two to Fort Simpson, half-way point between Waterways and the Arctic, flying north one day and returning the next, with stops at intermediate points.

It is obvious that the aeroplane as a means of communication is especially valuable in a country like Canada, where spaces are so vast and distances so great.

### Here and There

(242) A fine steel piano wire runs now 1264 miles from Newfoundland to the Azores. This is not to provide the mermaids with strings for their harps, but to measure exactly the distance between the two points. A cable was laid recently and it was impossible to otherwise determine the precise distance travelled by the cable-laying ship.

Travellers aboard the Canadian Pacific Railway's crack summer flyer, the Trans-Canada Limited, will be surprised this year to find colourful upholstery, green tiled bathrooms, sofas, settees, a glassed-in conservatory and other unusual features. Special sleeping, dining, and lounge-solarium cars have been designed and built at the company's Montreal Angus shops for this de luxe transcontinental train, which will be one of the fastest and finest long distance trains in the world.

Construction of the 15-story Marine Building on the corner of Burrard and Hastings streets, in Vancouver, has begun. When completed this will be the tallest building west of Toronto, where the greatest building, the new Royal York Hotel, of the C. P. R., is 23 stories in height.

A monument to one of the builders of Canada is planned for Vancouver. Sir William Van Horne, first general manager and second president of the Canadian Pacific Railway, was responsible for the selection of Vancouver as the western terminus for the transcontinental line; a decision that resulted in the growth and prosperity of Canada's second greatest seaport; and the citizens of the city propose to commemorate his foresight.

Every year the Canadian Pacific spends about \$2,000,000 in advertising its services and Canada's industrial and tourist attractions throughout the world.

In view of the present prosperity of Canada and of the Canadian Pacific, it is amusing to recall the item published in London Truth over forty-five years ago. "The Canadian Pacific Railway," it runs, "has begun to launch its bonds. This railway, if it be ever finished, will run through a country fronted by seven or eight months of the year, and will connect with the eastern part of the Dominion a province which embraces about as forbidding country as any on the face of the earth. British Columbia is a barren, cold mountain country that is not worth keeping. It would never have been inhabited at all unless its trappers of the Hudson Bay Company had 'paid for' it. A party of adventurers there fifty years ago would not have been able to get out. The railway, it is said, will not be built until many years hence. The people who have gone there cannot stand the coldness of the winter, and will not stay. It is said that the railway will be built in the year 1900, and that it will be the greatest engineering feat of the century."

### Head Off Colds, Coughs, Bronchitis With This Fine Old Herbal Remedy

right from the Heart of Nature

Ward off all the cold weather ills. Get yourself a bottle of Gallager's Indian Lung Remedy. It will make and keep you healthy—keep you from getting colds and give you blood and body new vigour.

Keep this good old herbal remedy always in the house. Take it after exposure to cold, rain, and crowded, germ-laden air. You can get this, and other Gallager's Remedies now from

### NO TRACE OF MAN

No trace has been found so far of Joe Musduci, alias Joe Pula, wanted in connection with the murder of Victor Gualtieri, at Niagara Falls, Ont., a week ago. Musduci was named by the dying breath of Gualtieri as one

of his slayers and fifteen stab wounds were found on the body of the latter. The police believe that the wanted man is hiding in Toronto or Buffalo. He is described as being five feet six inches in height, 31 years of age, 170 pounds, black wavy hair, heavy eye-Phone 36.

Don't forget we print visiting cards.

## If your car needs tires - it needs - ROYAL MASTERS

BEGIN the motoring season by making sure your tires are in first class shape or by getting new ones. Any Dominion Tire Depot expert will give them a thorough, conscientious overhauling.

If you need new tires, by all means equip with Royal Masters, made by the Dominion Rubber Company and sold by Dominion Tire Depots.

Not only Royal Master in a thousand will ever puncture.

Not one in five thousand will blow out under two years of service.

On New Cars Royal Masters cost more than any other tire made and you cannot expect them as standard equipment on your new car.

Any dealer will, however, be glad to equip your new car with Royal Masters as an extra. You will find the additional cost one of the best investments you have ever made.

You are never far away from a

# Auditor's Financial Report of North Grimsby Township For Year 1928

To the Reeve and Council,  
Township of North Grimsby,  
Ontario.  
Gentlemen:

I have audited the books, records and vouchers of the Township of North Grimsby and, having balanced the various Cash Books and Ledgers, have prepared therefrom statements which, in my opinion, present a true and correct view of the Township's affairs as at 31st of December, 1928.

The Balance Sheet, Statement of Receipts and Expenditure, Revenue Statement, Road Statement, Debenture Statement, Water Consumers' Statement, and Reconciliation of Tax Rolls, are attached hereto and certified correct, and are respectfully submitted.

Yours faithfully,

C. S. BOYD, Auditor.

## TOWNSHIP OF NORTH GRIMSBY BALANCE SHEET

December 31st, 1928.

## NOTES OF NEWS FROM NEARBY CENTRES

### BANDITS GOT \$800

Two armed bandits made a brief visit to Welland April 15th, and succeeded in getting away with some \$800 and leaving behind fourteen scared and moneyless Chinamen. One of the bandits was a colored man and the other white.

The scene of the armed hold-up was the Chinese grocery store and boarding house at 41 Fourth Street, owned by Lee Ott, the leader of the Chinese in Welland, and operated under the name of Yuen, Hang & Co.

### GUILTY OF CHICKEN THEIVING

Pleading "guilty" to charges of having stolen chickens from Mrs. R. Mendicott of Long Beach, William Clarke Forde and William Robert Rogers, both of that place, were sentenced to one month at hard labor by Magistrate J. C. Massie. This sentence was the maximum for chicken thieving, where the value of the stolen birds is under \$10.00.

### MERRITTON TAX RATE

The Merritton Town Council last week met in special session and struck the tax rate for the year. The rate will be the same as last year, 52 mills for public school supporters, and 55 mills for separate school supporters.

### SERIOUSLY INJURED

John Smith, an employee of the Ontario Paper Mill, Thorold, is lying in the General Hospital, St. Catharines, with his left leg broken above the ankle and head and internal injuries, the result of an accident on the paper machine.

Smith is a young man and was employed as sixth hand on No. 2 paper machine and at the time of the accident he was standing on the footboard of the second press when in some manner his foot slipped and he fell on to the belt and was carried down to the pit underneath the machine.

### BIG INDUSTRIAL DEVELOPMENTS IN PROGRESS AT THOROLD

Industrial developments of great magnitude were foreshadowed in Thorold last week when options were taken up on approximately 158 acres of land comprising the farms owned by Brown brothers, H. B. Marcell, and the quarries belonging to the Battle estate. These properties are located in what is locally known as "Cartmell's mountain," just beyond the northeastern boundaries of Thorold. They contain great areas of stone which is peculiarly suited to the uses of sulphite mills, the rayon industry and to various kinds of smelting.

It is understood in local circles that the acquisition of this land is the forerunner of big developments on the mountain-side above the new ship canal, and that the opening of large stone quarries and one of the biggest rock-crushing plants in Canada by the Montreal people, headed by Angus W. Robertson, formerly of the Welland Ship Canal Contractors, is merely a beginning, with other ambitious projects already in the air.

The land secured was as follows: 60 acres from Messrs. Bryce and William Brown's farm; 60 acres from Mr. Marcell's farm; 38 acres from Jas. Battle.

### WOMAN GIVES BIRTH TO TWINS IN JAIL

Less than 48 hours after she was admitted to the Hamilton city jail to serve a term of 30 days for the illegal purchase of liquor, Mrs. Annie Minigan, 49 McNulty boulevard, Hamilton, on Wednesday last gave birth to twin boys in the jail hospital. One of the infants was dead at birth, but his twin may live. Mrs. Minigan is reported to be progressing favorably.

In police court, the woman pleaded guilty to having a small quantity of alcohol which was not purchased on her permit and Magistrate Jelliff fined her \$20 or one month.

Confident that her husband could borrow the amount of the fine, Mrs. Minigan asked to be allowed to stay in the detention room, as the central police station, but when the husband failed to put in an appearance at 5 o'clock in the afternoon the constable on station duty took her to the Barton street jail.

At 6 o'clock the stork arrived and Mrs. Minigan was removed to the maternity ward at the General Hospital.

### TWO PERSONS MISSING AT MERRITTON

Merritton has the second person missing mystery within a week. Charles Doyle, Chestnut Street, Merritton, set out one evening for his work as sper-

ator on the Canadian National Railway bridge which crosses the Welland canal east of the town. In the morning the relief operator appeared on the job to find that Mr. Doyle was not to be seen. Investigation showed that he had been at work during the night as there was steam up the boiler which supplies power to swing the bridge. His coat, sweater, tobacco pouch and dinner pail were in the building on the bridge. Further investigation showed that he had eaten his midnight meal.

## YOU ARE PROTECTED

QUOTED FROM MAIL & EMPIRE  
APRIL 20th, 1929

### PRECEDENT IN STATES

Public health officials, seeking for precedents for the Ekfrid outbreak, say that the epidemic of streptococcus sore throat, in Lee, Mass., a year ago, bears the closest resemblance. In that town of 4,000 inhabitants, 1,000 were taken ill, but the disease did not assume the dreadful virulence that has shocked Ontario. It was found that all the infection came from one cow and pasteurization of the milk cleaned up the outbreak.

The Model Dairy's milk supply is pasteurized. Pasteurization protects you and your family against an outbreak of septic sore throat and other possible epidemics.

### Hints For Housecleaning

Now is the time to hang your husband's pants on the line and give them a thorough beating. This can be done without removing the husband.

Don't during the long winter months has crept into all sorts of nooks and crannies. The thoughtful housewife should sweep carefully under the pin-

no. on top of the electric light fixtures and behind the children's cars. The cells should not be thrown away. Strong at intervals along a wire stretched across the front steps they never fail to inform you that the old man has come home at last.

Spring is here 'cause every back yard has bon-fire.

## Local Items of Interest

An apricot tree on Nelles Boulevard is now out in full bloom.

A special meeting of the town council has been called for tonight.

Foundation for the new service station on Main and Elizabeth streets is now being built.

The erection of stop-lights in front of the postoffice and on Palmer's Hill is now being discussed.

Ontario Department of Highways have erected signs at Palmer's Hill approaches.

Don't forget next week is clean-up week. Get all those ashes and tin cans ready for the collectors.

Motorists are complaining bitterly about the condition of Livingston Avenue.

From Saturday on, the Grimsby Bakery will have ice cream cones, Eskimo pies and ice cream bricks.

Rev. F. A. Lawson, representing the Lord's Day Alliance will preach at the evening service in St. John's Presbyterian church on Sunday.

The police committee of the town council are discussing the advisability of employing another policeman to assist Chief Wentworth.

Sutherland Bros., who operate the Village Inn Garage have been appointed distributors of Essex cars for the Grimsby district.

Board of Works men are now fixing the sidewalk in front of the Grimsby Grape and Wine Company property on Main street West.

Barnett Bros. Circus will open the season here on Saturday, May 4th, and have secured grounds just north of the C. N. R. tracks on Elizabeth street.

The Ladies' aid of St. John's Presbyterian church will hold a bazaar sale in Anderson's store on Saturday, May fourth.

The Grimsby High School will hold its annual exhibition of class work in physical culture on Friday, April 26th, at 8 o'clock. The program will consist of dances, drills and athletic stunts. The cup will be presented to the Juvenile Basket Ball Team and the members of this team will be given wing crests. The boys of the Rugby team will be presented with the O. R. P. U. crest.

Trinity United Church held their citizenship meeting Monday evening. Miss E. Hazlewood, the vice-president, occupied the chair. Miss Ina Hildreth read the Scripture lesson and Miss O. Kitchen sang a very devotional song. The topic, Good Citizenship, was taken by Miss M. Weeks.

## Writes of Early Days

of change and development. Nature truly has been kind to your district and has spread its bounties with a generous hand. Originally, and indeed when my forefathers found their way thither, the primeval forest with its great oaks, its symmetrical maples, its stately elms, walnuts, hickories, and spreading chestnut trees, largely covered the land west of the Niagara River, and Newark, or Niagara-on-the-Lake was the capital of Canada. Thither those pioneers were obliged to make their arduous journey for the transaction of legal business and at times, indeed, for the staples of life. I vividly recall the transformation made and in process of making in my boyhood days in Beamsville. Vast forest tracts had then been cut over and they were cutting down the few remaining mammoth oaks and shipping them by way of Lake Ontario to England and elsewhere for ship-building. Orchards had been planted but not chiefly for commercial purposes. Later it was found that the soil which had produced such forests was ideally fitted for producing the best fruit.

Nature has done much, but to the sterling character, thrift, industry and intelligence of your pioneers and their successors, much credit is due for the transformation into orchards, gardens, beautiful homes and lawns, which today constitute the "Garden of Canada." In this renewal of subscription to "The Independent" I am reminded that from that day perhaps 35 years ago when Mr. James A. Livingston was its first editor and publisher, I have been a constant subscriber and reader with unabated interest in the home of my boyhood.

I. B. MARLATT.

## OUR WEEKLY STORY

### SAVING MONEY

(By Julia Randolph)

The Graham Brothers were so stingy that they used the same overcoat and same overshoes, and, if the weather happened to be cold or stormy, they had to arrange alternating dates with their respective girls. Together they kept a make-shift bachelors' hall, but the united opinion of the neighborhood was that their rations were exceedingly slim.

Ned, the eldest, had been going with Sadie Carter for fifteen years, but he had never been sufficiently inspired to assume the added expense of a wife. To-night he was going to Sadie's to supper, but Tom had not returned with the overcoat. Tom would be getting married soon now—Tom was a darned fool—but he would be pretty lonely without him.

It wasn't so chilly; he supposed he wouldn't take cold without a coat. He turned up the collar of his thin blue serge suit, his Sunday best, around his throat, and buttoned it tightly across his chest. He was already smacking his lips in anticipation of the good supper in store for him; he must not be late. He struck out in a trot across his chest. He was already smacking his lips in anticipation of the good supper in store for him; he must not be late. He struck out in a trot across his chest. He was already smacking his lips in anticipation of the good supper in store for him; he must not be late. He struck out in a trot across his chest.

Sadie met him at the door with a sprightly smile in her wistful blue eyes. "Supper's just ready," she announced. Ned did adequate justice to the baked fowl, cold ham and hot rolls. "That sure was a fine supper, Miss Carter," he complimented Sadie's mother, as he pushed back his chair. "Sadie does about all the cooking now. I haven't got the strength I used to," Mrs. Carter sighed.

When they had adjourned to the sitting room, Mrs. Carter observed: "You'll be pretty handsome after Tom gets married, eh, Ned?" "Yes, ma'am," Ned admitted, without raising his eyes.

"You're planned to keep on keeping back to the hall?" "Yes, ma'am."

"If I go pretty hard with you to have all the cooking and cleaning up to do, won't it?" "Yes, ma'am, I reckon it will."

"Just suppose you should get all there by yourself, what in the world would you do?" "I dunno," Ned smiled vaguely. "I reckon I'd manage."

Mrs. Carter about roared. "You might fall if suddenly and have no way of getting help or a doctor, might die before anyone knew it." Her expression was militant, accusing. Ned flushed and glanced away.

"You don't know of anyone, do you? Ned, who could run this place for me? I'm getting old and help isn't what it used to be—there's no dependence to be put in any of them."

"I dunno," Ned repeated with even more helpless embarrassment. He felt

as if he was being trapped, led into something.

Sadie was very nice, after they had at last gotten rid of the old lady, and Ned did think to himself on the way home that he could do a lot worse than to marry her. A wife was an expensive proposition—but Sadie could earn her board and keep by doing the house work and make extra pin money by selling butter and eggs. Wives, even healthy ones like Sadie, did get sick sometimes, though; and doctor's bills

something awful. He reckoned were better not take on any more responsibilities right now. His farm was upon all he could manage, and wives about always expecting you to give were things—dresses, ribbons, combs, things like that. Things thoughts recurred a little vividly to Mrs. Carter. "Well; he'd better be caught in the old lady's would she evidently wanted to get her trap, or married off, thought he had caught (to be continued)

And your own sense of taste will convince you.

Miss Bernice Patterson spent the week-end at her home in Hamilton.

Miss C. Brown of Toronto spent the week-end in town.

Mrs. C. S. Bean is now convalescing at her home in Grimsby, having returned from Hamilton on Saturday.

Miss O. Bonham of Hamilton spent the week-end with Miss Helen Bonham of Grimsby.

Mrs. McKee and little daughter, of Kirkland Lake, are visiting at the home of Mr. and Mrs. T. Liddle.

Mr. T. Wolverton has returned home from the hospital, Hamilton, and is making a favorable recovery.

Miss Betty Wolverton, who recently underwent an operation for appendicitis at the hospital in Hamilton is progressing satisfactorily.

On Tuesday evening, April 23rd, Mrs. Edith Teeter of Grimsby Beach was hostess at tea to a few friends, those present including: Mr. and Mrs. Talbot of Park Ave., Grimsby Beach; Miss Colver of Grimsby Beach, Mrs. A. McArthur and Miss Janet Walker of Beamsville, Miss Adams of Grimsby Beach and Miss Adam's brother of Cleveland.

Jack Earle, who for the last five months has been taking a Secretarial Course at Canada Business College, Hamilton, has just graduated head of his class as well as winning the Spout Diploma for penmanship and has been fortunate in securing a position with Dominion Powderies and Steel, Limited, Hamilton.

**MISPLACED MATTER**  
Dirt? There is no such thing as dirt. What we call dirt is only misplaced matter.

So we spend our days striving diligently to keep misplaced matter in its rightful place. The busy housewife has again been seized with the spring fever. It seems she never was so eagle-eyed for that dirt-colored thing she calls dirt. Curtains that we thought kept pretty clean through the closed-in months suddenly look "awful," and that misplaced matter must go back to the earth from whence we think, in some complicated way, it came; in fact every household article from the dainty silver lamp shade that graces my lady's dressing table to the very dusters and brooms that do the work, must go through a grueling process of sifting out this misplaced matter. Surely we were never so particular the whole live-long year as we are just now.

The erstwhile head of the house is glad to quickly vacate and "betake himself to his own out-of-door chores among his beloved fruit trees or poultry for a moment's respite from beating of rugs or sifting ashes. He too, suddenly spies misplaced matter in the old chicken pen, the chickens fly here and there with surprised clucks at the energetic clean-up, glad to get out into the quiet yard to scratch and ruffle their feathers in the warm earth, after which it is good to come back to the sweet-smelling straw and to the white freshly-limed roosts and swept walls, so nice it seems, that Lucy and Jimmie, two lazy, over-fat hens, find themselves busy scratching away for bits of alfalfa, then feel constrained to lay the long-delayed white well-shaped eggs in the newly-lined nest.

Old Sol himself seems to have put on brand new spectacles to burrow

into every corner for has he not his freshly clean blue dress, trimmed with pure white puff-balls with never a shadow.

Up come dainty hepaticas with their fuzzy stems and closed baby leaves in colors of the sky, their sweetness smelling of the cool, pungent odors of the wild wood. Here are the spring beauties in their trim pink stripes. The pussy willows soften the long stiff branches with their silken heads, each one a gray baby kitten that has died and has found another place to live in this beautiful spring time.

House-cleaning is almost forgotten for the day. The eyes become dreamy and poetic, when suddenly one's mood is rudely disturbed. What is that which darts to flop and buzz in the sunshine right up and down the newly-washed window pane? The sun plays on its gay shining blue dress and gossamer wings as it flits in ecstasy and humbles down the pane. But no softening gleam or thought of "live and let live" enters the housewife's mind when she discovers the intruder. Even the little tot jumps up excitedly and pointing to the window, exclaims, "Mum, a fly, a big, big fly, had fly." Poor fellow, he isn't wanted anywhere.

Evening falls; Robin-red-breast sings his merry good-night; quiet reigns after the day's labors and well-earned sleep comes to the members of the household to refresh them for the tasks of the morrow.

—M.A.B.

## Y.L.O.C. HOLD BANQUET

The annual banquet and re-organization meeting of the Young Ladies' Organized Class of Trinity Sunday School was held on Thursday evening in Trinity Hall. In connection with the class, a contest has been held for the past three months to maintain better attendance of the members. Miss G. Felker and Miss G. Marshall being chosen captains. The latter's side were the losers, showed their good spirit by preparing a very fine banquet. During the serving of the supper, community songs and class songs were sung, after which the officers for the ensuing year were chosen. Mr. G. Blair, the teacher, taking the chair. Miss I. Addison, who has so well and tactfully served as president for the past year was asked to stand again and as no other nominations were called, with a pleasing speech, she kindly accepted.

TENS LOCATED ON ELIZABETH STREET

did his best. It went like this:

Hands on hips, place one cup of flour on shoulders, raise knees and press toes, and mix in one cup of milk. Repeat six times. Inhale quickly one spoonful of baking powder. Lower legs and mash two hard-boiled eggs in a sieve. Exhale, breathe naturally, and sift dumbbells through sieve into water.

Attention! Lie flat on the floor and roll the white of an egg backward and forward until it comes to a boil. In ten minutes remove from floor and rub smartly with rough towel. Breathe naturally, dress in warm flannels and serve with soup.

## CINNAMON BISCUITS

Three ounces butter, 3 ounces caster sugar, 6 ounces flour, 1 egg, 1 teaspoon cinnamon. Beat butter and sugar to a cream. Mix flour and cinnamon, and add it gradually to the butter and sugar. Moisten this mixture with the beaten to a stiff paste. Roll out, cut into small round cakes and sprinkle thickly with chopped almonds. Bake in a moderate oven.

## TO CLEAN COPPER

Mix lemon juice with salt and rub the copper with it. There is still plenty of parking space on Easy Street.

# THE WEEK'S NEWS OF THE SURROUNDING DISTRICT

## GRASSIE

(From Our Own Correspondent)

The Fulton Grassie Women's Institute entertained the Abingdon of the following program consisting of the following: reading by Miss M. Merritt, paper by Mrs. Watts, the president gave the meeting over two young ladies, readings by Mrs.

to the Abingdon branch. The president, Mrs. H. Bartlett, introduced the vice-president, who took the chair for the afternoon. Abingdon branch

Hugh Bartlett, Mrs. Dave Nichols and Mrs. Young, vocal duet by Mrs. E. Nichols, Miss M. Merritt and Mrs. Coon. The Fulton Grassie ladies served lunch afterwards. The meeting closed with the National Anthem. There was a large attendance from each branch. There will be church service on Sunday morning.

## VINEMOUNT

Mrs. Adams of the Science and Arts Department of the Hamilton Public Library, gave an interesting address on the aid which the library is prepared to offer patrons. In the one department alone they could offer information from fur farming to quilt patterns. More than 50 members of the W.I. were present and enjoyed the address on Thursday afternoon.

Mrs. John Althouse demonstrated an easy method of making candy and just before the meeting broke up for the tea hour there was an interesting parade of costumes made and worn by the members who had attended the sewing class.

Mrs. Adams, Mrs. Gowdy and Mrs. H. Cocks, of Winona, were asked to decide what costumes showed the most use of the course. The three best were awarded as follows: Mrs. Arnold Ready for an adult's dress and child's coat, Miss Annie Baker and Mrs. F. Brand, both for dresses.

Mrs. Vanderburgh and Miss D. Ramsaugh rendered musical selections.

H. T. and Mrs. Maycock are spending the week-end with friends in Detroit.

## BINBROOK

The Binbrook Women's Institute will meet at the home of Mrs. B. Switzer on Wednesday, April 24.

Charles and Mrs. Bartlett and family have moved to their new home on the highway.

The United Ladies' Aid met at the home of Mrs. E. Garinger last Wednesday afternoon with a good attendance. The president, Mrs. Evans, presided. The meeting opened in the usual manner.

M. Johnson lost 150 chickens when a brooder burned.

## THIRTY MOUNTAIN

(From Our Own Correspondent). Mr. Charlie Morley spent a couple of days in Toronto.

The weekly prayer meeting was held at the home of Mr. and Mrs. J. Muslem n.

Mr. Oliver Constable of Hamilton spent the week-end with his parents. The Junior Aid met at the Thirty Church on Tuesday evening. Rev. Mr. Overend took charge of the meeting.

Mrs. Constable is spending a few days with Mrs. Allison.

Mr. Joe Sobe and daughter, May, and Mrs. I. Melzer spent Sunday in Guelph visiting their parents.

Lawrence Hurst is visiting his grandmother.

Mrs. Carter of Ottercliffe is visiting her parents, Mr. and Mrs. W. E. Horn.

Jack Coomber of Hamilton spent the week-end at his home here.

Mrs. Wm. 'Vail' of Smithville is spending a few days on the farm.

The male quartette of the Campden Evangelistic Church assisted at the service at the Thirty church on Sunday.

Grape tying seems to be the order of the day.

## BEAMSVILLE

The monthly meeting of the Lillia Starr Chapter, I.O.D.E., will be held at the home of the regent, Mrs. A. Allison, Tuesday night.

The I.O.D.E. Bridge Club met at the home of Mrs. W. Simpson Friday afternoon.

Misses Gladys Grith and Ruth Rol, erson spent the week-end with friends in Buffalo.

Misses Margaret and Helen Ken, nedy, entertained at a musical luncheon on Saturday afternoon.

Mrs. Fred Benham, nee Hattie Kell, whose marriage took place in St. Catharines on Wednesday, April 17, Harding Jones of Buffalo, spent the week-end with his parents here.

Miss Marjorie Richden, Buffalo, N.Y., spent the week-end with her parents, James and Mrs. Richden.

Charles and Mrs. Adams of Falls, N.Y., spent the week-end with the latter's parents, James L. and Mrs. Woods.

E. and Mrs. McPherson and family, Oneida, N.Y., spent the week-end with Roy and Mrs. Hoshal.

The new home of Gilbert Spatz in Clinton Township, about two miles east of the corporate line, was burned

to the ground Friday afternoon, with all its contents. It is stated that an oil stove was responsible for the starting of the fire. The chemical truck was sent out and did good work in protecting the barn and the roof of the Purdy home across the lane from it. The Spatz residence was covered by a fair insurance. As the conflagration was close to the provincial highway, a long line of cars and trucks soon pulled up along the sides of the road to get a view.

The bullet-punctured plate glass windows in F. S. and H. Prudhomme's jewelry store were on Thursday replaced with new ones.

## Lightning Destroys

Valuable Farm Buildings

ONE of the times when a man realizes the majesty and power of the universe and his own insignificance and helplessness is when a terrific thunderstorm breaks and the wind and hail lash the trees, and the blinding lightning flashes, each with its own terrific thunder crash, are stabbing at trees and buildings all around. Even people with steady nerves are likely to quake at a heavy stroke close by and to wonder how much closer the next one will be.

YOUR buildings may be next. Late some night YOU may be awakened by the rending crash of a Lightning Bolt blasting its flaming course thru YOUR buildings. Why take such an unnecessary risk?

Make your buildings safe from the most severe electrical storms by equipping with the Shien-Flat System of Lightning Protection

## STONEY CREEK

(From our own correspondent)

Last Saturday afternoon a shower was held at the home of Mrs. Freil in honor of Miss Anna D. le, a bride of this week.

On Monday evening a men's banquet was held in the Sunday school room of the United Church.

On Wednesday evening, Mr. and Mrs. J. H. Jones entertained the male chorus. This was a farewell party before dispersing for the season.

Miss Greta Smith of the High School staff spent the week-end with her parents at Stouffville.

The Young People's Guild of Cheyenne Presbyterian Church gave a very successful play entitled "Mrs. Briggs of the Poultry Yard." The following were members of the cast: Mrs. Briggs, Miss Robina Knill; Alvina Briggs, Doris Hysert; Melissa Briggs, Edna Ridgway; Jimmy Briggs, William Hysert; Ralph Briggs, Mr. Grummet; Mr. Lee, William Waterbury; Virginia Lee, Gladys Hysert; Daisy Thornton, Vera Ridgway; Mandy Bates, Dorothy Ridgway; Silas Green, Archie Knill; Mrs. O'Connor, Mrs. Knill.

Miss Nora Davis was the "rison d'etre" of a shower held last Friday evening at the home of Mrs. Glover.

Last Friday evening an illustrated lecture was held in the Institute Hall under the auspices of the Stoney Creek Horticultural Society. Mr. W. H. Moore gave his lecture " Beautification of Home Surroundings." It is the intention of the society to plant trees on King Street this spring. The annual spring flower show will be held early in June.

## WINONA

(From our own correspondent)

The C.G.I.T. Mother and Daughter Banquet which was held in the Fifty United Church last Friday evening was a huge success. The Sunday school room was tastefully decorated in blue and white, the C.G.I.T. colors.

At seven o'clock over 60 mothers and daughters sat down to a bounteous repast. The following toasts were proposed and responded to: The Home, Our King, Our Country, Our Church, and Our Mothers. Olive Denny and Ruth Knox sang a pleasing duet, which was followed by a piano duet by Ruth Henderson and Catherine Campbell. Mrs. Daniels, of Binkley United Church, Hamilton, gave an interesting talk on the life of Francis Willard. Irene Fletcher and Agnes McFarlane sang a duet, followed by a chorus by the Junior girls. The girls were then led in a few C.G.I.T. songs by Miss Duchemin. The banquet closed with taps and the Benediction.

Rev. D. H. MacLennan, rector of St. Luke's Church, Palermo, will be the new rector of St. John's Anglican Church here, succeeding Rev. H. A. West, who has gone to Orangeville.

Mrs. (Dr.) Steele, who has been visiting her daughters in Montreal and Ottawa for the past few weeks, returned home last Wednesday.

The W.A. of St. John's Anglican Church, met at the home of Mrs. J. Hodgson to a bake sale on Tuesday evening of this week.

The regular meeting of the Women's Institute will be held on Friday afternoon, April 25, at the home of Mrs. Howard Smith. The members of the Vinemount Institute will be present and will provide the program.

The regular meeting of the Y.P.L. of Fifty United Church, was held last Sunday evening at 7.15, in the Sunday School room. It was a decided success, and a large audience was in attendance. Rev. A. C. Eddy, former pastor of Fifty Church, was present, and gave a splendid address on Citizenship. Other contributions were as follows: Piano solo by Marjorie Watson, violin duet by the Misses Reinke, a piano solo by George Smith, and a vocal duet by the Misses Reinke. This was the last meeting for the season, and the meetings have been thoroughly enjoyed by everyone.

If you have not already found a market for your grape crop, Mr. John Budge, representing T. G. Bright & Co., Niagara Falls, is now contracting.

## POTATOES CHEAP

It is announced at Welland that on Saturday potatoes were selling for 75 cents a bag, the lowest price remembered there. The potato price in Hamilton has been at 75 cents for some time, and they have sold as low as 65 cents a bag on the Hamilton market this spring, the lowest price known for Hamilton for years.

Don't forget we print visiting cards. Phone 25.

Here's 'Nother Uncle Tim was as reckless as sin— In all traffic he'd cut out and in. Now his widow and boy His insurance enjoy.

It is harder to arouse interest in a wheat pool than it is in a swimming pool.

All creation is satisfied with itself, except man.

**Safety First**

If your cattle lane crosses the highway, why not erect a sign down the road which reads: "DANGER—300 Feet to 'CATTLE DRIVE'." Such a sign erected on both sides of the drive along the highway will warn motorists to have their car under control.

and may save you both cattle and litigation.

Baseball is a game in which any young man who strikes out bravely for himself receives no praise for it.

If a married male is a benedict, and a married female is a benedictine, then their children must be the benediction.

Look what you get with a McCormick-Deering Little Genius Tractor Plow:

1. Heat-treated beams that cannot be bent or broken.

2. Simple, durable power lift that operates quickly and easily.

3. Zerk oiling system that saves time and bearings.

4. Spring-release hitch that saves broken plow-shares.

5. All levers placed conveniently for the tractor operator.

Here it is — the new McCormick-Deering Manure Spreader; built from the ground up to meet the requirements of present-day agriculture.

Keep your McCormick-Deering machines 100 per cent genuine by using only genuine I. H. C. repair parts. They cost a little more but the added quality, fit and satisfaction is more than worth it.

It is no longer a question of whether you can afford to buy a McCormick-Deering Tractor. The problem is — "Can you do without it?"

Good seed planted in a well worked seed bed is pretty sure to result in a good crop. We cannot guarantee the weather, but we can provide you with the McCormick-Deering Fine of grain drills and tillage tools.

## GET PRICES FROM YOUR TINSMITH OR CARPENTER

See me when you want Galvanized Siding, Shingles — Sheet Steel Ceilings

Hardsome in appearance, inexpensive, fireproof, lasting.

Free estimates on material alone or put on complete.

# Flavor Zone Cooking

## 3 RECENT REVOLUTIONARY INVENTIONS

(1) Giant British Dirigible R-101 which, scientists expect, will revolutionize ocean travel.

(2) The "Talkies", which are completely revolutionizing the motion-picture entertainment field.

(3) Westinghouse Flavor Zone Range which has completely revolutionized cooking methods and which provides new leisure for recreation, shopping or the hundred and one things in which the woman of today is interested.

THE basic principles of correct cooking have at last been discovered. Embodying receding heat, in the newest automatic electric range, a higher standard of cooking excellence—which Westinghouse, its creators, have called "Flavor Zone Cooking"—is now definitely established.

In place of haphazard results, this new and exclusive method provides the certainty of cooking perfection.

### (1) NEW DELICIOUSNESS

Foods cooked by the New Flavor Zone Range *fully develop* their natural appetizing flavor.

Their nutritive value, tenderness, juiciness, richness of appearance and digestibility are actually increased.

### (2) GREATER ECONOMY

Burning and over-cooking are rendered impossible, and with this important saving of food value, through decreased shrinkage and less waste, there comes also a substantial economy of current.

### (3) NEW LEISURE

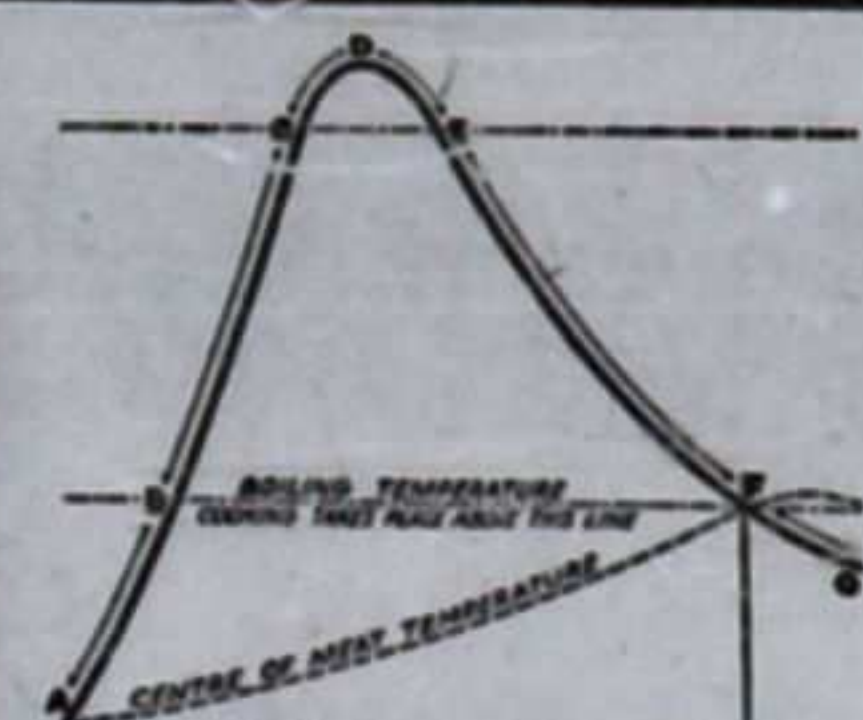

The Flavor Zone Method not only provides perfect cooking results, but absolutely eliminates the necessity, or even the desirability of personal attention, thus completely releasing the housewife from all responsibility once she has placed the meal in the oven—actually thrusting, as it were, new-found leisure upon owners of the Flavor Zone Range.

Flavor Zone Cooking embodies new scientific principles, and it provides better cooking results—accomplished automatically by the new range itself, which makes the cooking process entirely independent of personal supervision.

Not only does the Flavor Zone Range provide a kitchen utility of the greatest beauty, finest engineering and workmanship, but it offers incomparable value, inasmuch as these special features are now available with only a slight increase in price over that of the ordinary electric range.

A  
SCIENTIFIC  
ACHIEVEMENT  
WHICH HAS  
SUDDENLY  
REVOLUTIONIZED  
ALL EXISTING  
METHODS OF  
COOKING FOODS

### The Ideal Cooking Curve

The ideal Flavor Zone Cooking Curve, evolved from thousands of scientific cookery experiments in the great Westinghouse Research Laboratory, is now embodied in the automatic operation of the new Westinghouse Flavor Zone Ranges.

It is only necessary to compare foods cooked by the Flavor Zone Method, with those cooked by any other method, to at once recognize the correctness of this new principle and the superiority of its results.

In the Flavor Zone Oven the food is, automatically and scientifically subjected to four distinct conditions of heat, as shown on the chart:

A-B, the absorption period up to 212° (boiling point).

B-C, the penetrating period, up to the caramelizing temperature.

C-D-E, the caramelizing, or browning period; current is automatically shut off at D.

E-F, the final cooking period, on receding heat.

F-G, food has finished cooking; if left in oven it will not be overcooked or dried out, but stays hot and ready to serve.

It is essential, in order to secure the superior results of Flavor Zone Cooking, that the cooking process be left entirely to the automatic features of this new range.

Flavor Zone Cooking marks a dramatic advance in the progress of cooking methods and is now being rapidly adopted in institutions, fine hotels and the modernized home.

The Westinghouse Company has prepared a descriptive booklet on Flavor Zone Cooking, which it will be pleased to send you on request. Just write to
